IAB LCCI Examinations

Format of questions

The possible categories of questions included within the examinations are indicated below:

- Multiple choice (MCQ) – select a single correct response
- Multiple response (MRQ) – select all correct responses
- Insert values – add the correct answer, often from your own calculations
- Match items – link related items, definitions, etc
- Fill in blanks – insert the correct words in the spaces provided*
- Drag and drop – move the appropriate word or number into the spaces indicated

(For the examinations in April 2024, a list of words will be provided from which the correct answers can be selected.)

In some cases, there are a number of questions relating to the same scenario. As the questions will be randomly selected, it will be necessary to include details of the scenario for each question.
